Evaluation of the Child and Adolescent Protection System in Catalonia

Indicator System
Assess the situation of children and adolescents under the care of the Protection System

- Learn about the protection and care of children and adolescents under guardianship provided by the System
- Orientate the planning and management decisions in the protection field
- Improve the protection and care of children and adolescents under guardianship
Revision

Systems in other countries (USA, UK, etc)
Bibliography and Research in this field

1st design
Technicians from DGAIA and ICAA
Investigators from the IARS group

Pilot
Piloting the instruments
Collecting data
Reporting the process

Validation
Political managers
Administration Technicians
Entities
Young people formerly in guardianship

Indicator System
Protection
System Evaluation

2022

First wave
Sources and methods of information collection

Children and teenagers in guardianship for a year or more

Professional mentors of the children and adolescents

Administration, Sínia and other information systems

21 year-olds formerly in guardianship

Survey of 10–17 year-old children and adolescents

Survey of 21-year-olds formerly in guardianship

Data exploitation Sínia and other systems

Variable indicators
Four cyclical waves to assess the situation of all the children and adolescents in guardianship

Statistically designed to be evenly distributed at all levels

A sufficient sample of children and adolescents in each wave to guarantee a margin of error of under 5%
### Structure of the Indicator System

#### Variable indicators grouped by scope and basic objectives under Law 14/2010

Analysis and presentation of the indicators: example 1

Percentage of adolescents who consider themselves to be preparing well to be sufficiently autonomous and independent when they become of age

69.6%

Evolutionary Indicator

Autonomy 18.2

Sex
- Boys
- Girls

Disability
- No disability
- With disability

Nationality
- Spanish
- Foreign

Territorial Service

Age of entry into System
- 35.7%
- 35.2%
- 24.5%

Current age
- 30.3%

Time in protection
- 22.1%
- 35.0%
- 34.3%

Protective Measure
- Outside
- Extended
- Full Residence

Type of resource
- 19.7%
- 28.8%
- 27.1%

Analysis and presentation of the indicators: example 1
Percentage of children and adolescents who show a high or very high level of satisfaction with their life in general
(7 points or more on a scale of 0 to 10)

Wellbeing 20.13
