Election of the Vienna Social Fund
Client Council

Jutta Rozinski
Project Manager, Vienna Social Fund
Short Summary

Vienna Social Fund (VSF):

- Social service provider in cooperation with NGOs for the city of Vienna
- Target groups: elderly, shelter- or homeless people, people with disabilities, refugees and people with debt problems

The project:

- What is it about: Establishing a self-advocacy body for clients of disability services of the Vienna Social Fund
- Who is addressed: 9,000 clients of different long-term disability services
- 14 representatives elected in autumn 2020 for a period of 5 years
Main Project Goals

• Needs-based improvement of services for people with disabilities from the service user perspective - “Nothing About Us Without Us"
• Representation of service users on a cross-organisational level
• Implementing communication structures for direct exchange between clients of the VSF and policy-makers in Vienna
• Enabling direct, democratic involvement and political participation of people with disabilities
• Following the principles of the UN-Convention on the Rights of Persons with Disabilities
How to…

- Participative approach: ensuring client participation during the whole project cycle through an advisory peer-expert group
- Special effort addressing a vast group of service users to ensure diverse representation
- Low-threshold for participation
- Needs-based information and communication material during all stages of the process
- Providing professional coaching and support for candidates as well as the elected council members
Achievements

✓ First elected representation body for people with disabilities in Vienna
✓ First cross-organisational representation body for clients of the VSF
✓ Diverse composition of the council - representation of people with different disabilities and from different service backgrounds
✓ High interest and participation in target group
✓ Best-practice accessible information material and ballot papers
Challenges – Work in progress

• Restrictions related to the corona pandemic
• Workload and resources for candidates and council members
• Networking and exchange between client council and other self-advocacy bodies
• Taking on the role of a representative of others
• Establishing strong and functional structures for communication and cooperation between VSF, policy-makers and client council
